116

00:32:38.910 --> 00:32:40.890

Lanna: So call the meeting to order.

117

00:32:43.710 --> 00:32:49.410

Lanna: And Michelle sent all the financials of a bit ago. Did everybody get a chance to

118

00:32:50.850 --> 00:32:53.760

Lanna: See those i did

119

00:32:54.150 --> 00:32:55.860

mlavoie: Out all those the

120

00:32:57.000 --> 00:32:58.890

mlavoie: April and May one is

121

00:33:00.300 --> 00:33:10.710

mlavoie: 3DS to like on the dates of our previous what would have been a board meeting, but the warranty, or what needs to be approved. So I had her send all of those

122

00:33:12.990 --> 00:33:13.410

Lanna: Okay.

123

00:33:15.540 --> 00:33:19.350

Lanna: Um, any questions on any of them from anybody, or concerns

124

00:33:21.330 --> 00:33:21.900

ejwagner: Occurred to me.

125

00:33:23.670 --> 00:33:27.570

Larry Sorokes: I mean, I didn't scrutinize every line but seemed fine.

126

00:33:28.110 --> 00:33:31.020

Larry Sorokes: Okay, nothing there really is.

127

00:33:31.620 --> 00:33:36.930

Lanna: Nothing jumped out. Michelle, was there anything you wanted to point out or good or bad or indifferent.

128

00:33:37.980 --> 00:33:43.170

mlavoie: I just asked her a couple questions just to make sure I knew what some things were, you know,

129

00:33:44.970 --> 00:33:47.100

mlavoie: With her name, but that was just for

130

00:33:49.020 --> 00:33:52.620

mlavoie: I think some laptops that were ordered and then

131

00:33:53.940 --> 00:33:57.900

mlavoie: Some other supplies and we've had to spend a lot of money on cleaning supplies and things

132

00:33:57.900 --> 00:34:03.870

mlavoie: Like that. So those have been slightly increase, but mostly we're just coming in under budget, all the way around.

133

00:34:05.580 --> 00:34:09.090

Lanna: What about like the shields and stuff that we had to buy where those really pricey.

134

00:34:09.990 --> 00:34:12.210

mlavoie: We've been built yet and

135

00:34:13.380 --> 00:34:17.640

mlavoie: The sheet, the shields for the circ desk will be going from ccls

136

00:34:18.900 --> 00:34:27.840

mlavoie: I'd have to look to see if those APPEARED ON ONE OF THE BILLS. Yeah, we just got and then we ordered some through what's the store again in Pennsylvania can

137

00:34:29.250 --> 00:34:31.410

Kim: You think supplies for me.

138

00:34:32.160 --> 00:34:33.960

mlavoie: It's a company that

139

00:34:35.880 --> 00:34:46.140

mlavoie: Move can making shield that normally produces something else. And so they were able to do some of our custom made ones, but we haven't

even gotten them yet. So we're hoping to get them this week, so we don't have a filter for them.

140

00:34:46.980 --> 00:34:54.630

Lanna: Okay, I'm just curious, you know, um, okay, um, any correspondence

141

00:34:56.820 --> 00:35:05.100

Lanna: The voice of the public. Now, how is this. I mean, could somebody have joined this if they wanted to, as the voice of the public. So, and nobody character.

142

00:35:11.880 --> 00:35:12.780

Ann Tenglund: It is OK.

143

00:35:14.640 --> 00:35:16.170

Ann Tenglund: means things are going well.

144

00:35:16.350 --> 00:35:20.700

Lanna: Yes, I think so. I've just heard good things about people.

145

00:35:21.420 --> 00:35:22.410

Lanna: With the curbside

146

00:35:23.310 --> 00:35:23.550

Lanna: Oh,

147

00:35:23.580 --> 00:35:26.070

Ann Tenglund: And people are pleased with the programs and

148

00:35:26.160 --> 00:35:31.500

Ann Tenglund: The, I guess, anybody that really has any complaints and that's great.

149

00:35:31.950 --> 00:35:32.400

Yeah.

150

00:35:34.350 --> 00:35:36.540

Lanna: Okay, so do you want to go over your report, Michelle.

151

00:35:37.320 --> 00:35:54.480

mlavoie: So as I noted, we're waiting on the shields, we could reopen we could have reopen this week, but without the shield. We are prohibited

from opening so as long as we have them are our plan is to open Monday we had a schedule in place schedule of ours.

152

00:35:56.070 --> 00:35:58.230

mlavoie: And we plan to have

153

00:35:59.370 --> 00:36:00.120

mlavoie: You know, I think I

154

00:36:01.290 --> 00:36:15.420

mlavoie: include them in here yet. I did. So you know we have some day our Sunday evening hours. Some reduced Saturday hours to start, we can't open her flowers, yet without being able to staff the way we need to, as were

155

00:36:16.560 --> 00:36:24.300

mlavoie: Prevented from having more than 49% of staff in any given time. So we're just going to start a little bit slow and then pick up as we can.

156

00:36:24.780 --> 00:36:26.700

mlavoie: We want to see how are things going anyway.

157

00:36:27.810 --> 00:36:39.960

mlavoie: I think our biggest concern is probably the computers because I think that's been the thing that people depend on the most. And so we're going to have every other computer available.

158

00:36:40.440 --> 00:36:53.550

mlavoie: And we're going to be limiting people to an hour and they're going to be asking them to make appointments so we're just waiting. We're hoping everybody's going to come in and you know be, you know, cooperative and agreeable.

159

00:36:55.260 --> 00:36:55.560

mlavoie: So,

160

00:36:57.210 --> 00:36:58.260

Linda Edstrom: Appointments

161

00:36:59.220 --> 00:37:05.790

mlavoie: Yeah, we're going to promote it that they call instead of times to come in to use the computers if if they come in.

162

00:37:06.360 --> 00:37:07.080

Linda Edstrom: Theaters okay

163

00:37:07.110 --> 00:37:11.070

mlavoie: Yeah, if they come in and there's an open computer will let them on. But yeah.

164

00:37:11.460 --> 00:37:18.660

mlavoie: We're going to try to prioritize that we're, we're really trying to avoid is having tons of people coming in and just sitting there waiting

165

00:37:19.080 --> 00:37:19.830

For the computer.

166

00:37:21.690 --> 00:37:22.050

mlavoie: And so

167

00:37:22.290 --> 00:37:23.730

Linda Edstrom: They get a one hour limit.

168

00:37:24.270 --> 00:37:25.620

mlavoie: That's what we're going to do to start with.

169

00:37:25.860 --> 00:37:26.220

Yeah.

170

00:37:27.630 --> 00:37:32.100

mlavoie: I mean, it's gonna be hard on people, you know, this is the worst time for people in our area to now have

171

00:37:32.640 --> 00:37:48.150

mlavoie: Our services because a lot of people are trying to quiet for unemployment and jobs and people schools gone online all this and you have all these people that have no ability to do that from home. So that was a real know I think probably the biggest

172

00:37:49.380 --> 00:38:06.510

mlavoie: I guess bumner about being shut down. But so we're hoping that, you know, if we go back up and running, we have moved we've set it up so that we only have one chair at every table and we've moved the table so that you know and

173

00:38:07.080 --> 00:38:10.050

mlavoie: Roger pile the chairs and put zip ties around them.

174

00:38:11.970 --> 00:38:22.530

mlavoie: But if people come in and you know like family groups or whatever, you know, we'll just give them here, so they can sit together, whatever we're just trying to, I think our biggest concerns private teams.

175

00:38:23.460 --> 00:38:32.820

mlavoie: You know that they'll be dying to come in as soon as we open and they're the ones that are going to really congregate and maybe not be wanting to follow rules and things like that so

176

00:38:33.150 --> 00:38:41.460

mlavoie: That's probably our biggest concern for filing affairs and trying to make them available easily available so

177

00:38:42.150 --> 00:38:44.010

Lanna: Like is the team room going to be open.

178

00:38:47.040 --> 00:38:49.320

Lanna: Space to social distance, very much.

179

00:38:50.520 --> 00:38:52.620

mlavoie: We won't have any meeting rooms available yet.

180

00:38:53.850 --> 00:38:56.190

mlavoie: We're even allowed to. Yeah, so

181

00:38:57.270 --> 00:39:04.830

mlavoie: The gallery, will we can leave it open. We just won't put any chairs in there. So people if they want to go in and see the exhibit or whatever, that's in there. They can do that.

182

00:39:06.660 --> 00:39:13.020

mlavoie: But other than that, you know, meeting rooms. I don't know if that's going to be part of Phase four or

183

00:39:14.040 --> 00:39:15.180

mlavoie: Five. I'm not really sure.

184

00:39:16.500 --> 00:39:25.380

Lanna: I'm not somebody asked me, like, like if they wanted to come in and get a book I they going to be allowed to go and open up a book and then put it back on the shelf and do

185

00:39:26.970 --> 00:39:31.620

mlavoie: We never asked people to put them back on the shelf because people don't put them back in the right spot so

186

00:39:32.280 --> 00:39:34.920

mlavoie: We have signs and say, Please put a book, you know, if you

187

00:39:36.150 --> 00:39:41.010

mlavoie: Leave it on a cart our biggest challenge, I think, is magazines and newspapers.

188

00:39:42.510 --> 00:39:45.210

mlavoie: We're going to circulate the magazines, even the new ones.

189

00:39:46.230 --> 00:39:56.280

mlavoie: We're asking people, they take them off the shelf. It just put them on a cart. So we can foreign to them, newspapers, if somebody did ask it a

190

00:39:57.180 --> 00:40:13.140

mlavoie: Meeting. I was at yesterday about maybe letting patrons loved to look at the newspapers, because otherwise there's hardly even appointment, having the newspapers in the building, if we if we have to quarantine them after one use for 48 hours. It makes me, Robin. So

191

00:40:13.350 --> 00:40:14.910

earl: The deal or is it

192

00:40:15.630 --> 00:40:16.050

mlavoie: Let's say

193

00:40:16.380 --> 00:40:17.580

earl: It's not the Daily News.

194

00:40:17.880 --> 00:40:18.810

mlavoie: Exactly.

195

00:40:19.590 --> 00:40:24.960

mlavoie: And we get a lot of us, you know, people come in and they check them out from the basket. They go and they sit and read so

196

00:40:26.040 --> 00:40:33.660

mlavoie: I'm not sure. You know, I, I'm kind of interested in the possibility of trying out the full thing and letting people do it that way.

197

00:40:34.800 --> 00:40:35.130

mlavoie: So,

198

00:40:36.480 --> 00:40:47.460

Larry Sorokes: What's the procedure like between computer use like a white down or something. Or I mean is that you probably got somebody going around doing all the touch points and all that.

199

00:40:47.940 --> 00:40:52.020

mlavoie: It's gonna be a little tricky because we don't have a custodian on all the time.

200

00:40:53.040 --> 00:41:11.460

mlavoie: And so the director of the Onondaga County Library System said that he's not even asking staff to do it. He's leaving. Um, I guess some kind of cleaning product at the computers and asking the patrons.

201

00:41:11.550 --> 00:41:13.170

mlavoie: Are white. I guess he's leaving white

202

00:41:13.680 --> 00:41:17.730

mlavoie: At every computer station and calling the paper and you clean up after yourself.

203

00:41:18.330 --> 00:41:19.920

mlavoie: For cleanup. For us, the

204

00:41:21.240 --> 00:41:21.990

Ann Tenglund: Actual work and

205

00:41:22.800 --> 00:41:35.190

Larry Sorokes: The yeah we actually, it's like our copiers and things like that. We have those little their little individually wrapped alcohol pads, they're probably like an inch square. And that's really all you need to

206

00:41:35.340 --> 00:41:43.200

Larry Sorokes: You know, get wiped off and and then it's it's like you said, the person who is concerned about it will remember to do it and you're

207

00:41:44.850 --> 00:41:46.590

Larry Sorokes: The person before did or not so

208

00:41:46.650 --> 00:41:47.520

mlavoie: Right, right.

209

00:41:47.910 --> 00:41:56.280

mlavoie: Yeah, there might be a good option for us in that way. We just don't stop worrying about it and then Roger can do his thing when he's in the building.

210

00:41:59.160 --> 00:42:09.030

mlavoie: And so they'd be queen, you know, on a daily basis. But then, yeah, between uses it could be the case. I was glad to hear that idea there was a lot of good tips you know from different people out

211

00:42:15.660 --> 00:42:27.660

mlavoie: So yeah, I mean, we're hoping for Monday and, you know, we'll see what happens. Nobody's really complaining. I mean, I think maybe the biggest question is that why is buffalo Erie County open and we're not

212

00:42:29.040 --> 00:42:34.920

mlavoie: I mean, we had. I don't know how they open. I think they're having a lot of trouble up there and I think they were pressured

213

00:42:35.670 --> 00:42:46.320

mlavoie: Because you have to have the materials in place to be able to reopen no Ken's been kind of talking with them. Carol who's working now up in your accounting for quitting left and right.

214

00:42:47.040 --> 00:42:55.650

mlavoie: Which amazes me. You know, it's like jobs are not easy to come by. Now people are leaving their jobs because they're terrified of working with the public. So

215

00:42:57.150 --> 00:42:57.570

Lanna: Wow.

216

00:42:57.990 --> 00:43:00.510
mlavoie: Yeah I know, it's crazy. So

217
00:43:02.340 --> 00:43:04.440
mlavoie: You know, I think.

218
00:43:06.300 --> 00:43:17.280
mlavoie: Just opening. When you're ready to open. And so I think we're going to be good to go on Monday, but I don't think anybody that was kind of the advice yesterday and the real meeting we had with a statewide meeting.

219
00:43:18.540 --> 00:43:29.580
mlavoie: Was really don't open when you're not ready to open because you probably cause more trouble for yourself. And if you're ready to open. So that's and that's why we we couldn't complete without field so

220
00:43:30.600 --> 00:43:38.010
Lanna: Michelle when you and I spoke at one point there was a concern about the the cleaning materials with one of the staff members.

221
00:43:38.280 --> 00:43:41.160
Lanna: Is that been figured out, can we

222
00:43:42.360 --> 00:43:46.470
mlavoie: Actually have an ask the lawyer call on Monday, the

223
00:43:48.930 --> 00:43:50.040
Lanna: job for you and

224
00:43:50.130 --> 00:43:50.700
Lanna: Asked me

225
00:43:53.160 --> 00:43:59.520
mlavoie: I submitted the question because I was worried. I mean, right now, more, we have to clean more than ever.

226
00:44:00.060 --> 00:44:13.770
mlavoie: And we had a staff member who's returning to work from disability and he has some big, you know, problems with chemical sensitivity and then send all that stuff and

227
00:44:14.370 --> 00:44:35.220

mlavoie: So she asked about that and one. I mean, it's hard to get the cleaning material. Right now I'm back or it's hard to get stuff and then we're required on our safety plan to state that we're using known chemicals that will kill viruses on surfaces so

228

00:44:36.330 --> 00:44:39.960

mlavoie: No idea. If these chemicals are okay or not for her to be around so

229

00:44:42.030 --> 00:44:51.120

mlavoie: I submitted the question to the Ask the lawyer service and apparently they were interested enough in that question to want to do a personal call with me so

230

00:44:52.260 --> 00:44:59.430

mlavoie: I'm going to be talking with them on Monday to see what because I'm guessing the reason they're interested is because it's probably going to end up being an issue all over the place.

231

00:45:00.570 --> 00:45:09.900

mlavoie: So they kind of want to know, you know what this specific that our circumstances are and and maybe they can develop broader guidance for everybody. Yeah.

232

00:45:11.670 --> 00:45:15.090

Lanna: So yeah, it was just, it was had been thinking about that. Okay.

233

00:45:16.980 --> 00:45:34.230

mlavoie: So anyway, that was just an update as to where things are at when we reopen, we can only have 50% of our building capacity, which is a lot of people. We just about, you know, it's very rare for us to have over 150 people in the library. So we're really not too worried about it and

234

00:45:35.820 --> 00:45:47.760

mlavoie: We can't have pro in building programs yet or anything like that. So, um, and we will let people get their own materials and the staff and but we'll continue curbside to sit reduced hours.

235

00:45:48.840 --> 00:45:49.350

mlavoie: And

236

00:45:50.310 --> 00:45:50.940

Lanna: Be open

237

00:45:51.570 --> 00:45:53.040

mlavoie: Yeah, they actually

238

00:45:54.390 --> 00:45:56.970

mlavoie: Need to be free. Know that then. So Roger

239

00:45:57.330 --> 00:45:58.620

Lanna: wonder about all these things.

240

00:46:00.360 --> 00:46:02.610

mlavoie: We can't have our water fountains open, though.

241

00:46:03.660 --> 00:46:03.930

earl: Though

242

00:46:04.020 --> 00:46:04.980

Lanna: Interesting. Okay.

243

00:46:05.460 --> 00:46:08.370

mlavoie: I think because people like to put their whole mouth over that they

244

00:46:11.490 --> 00:46:12.870

Ann Tenglund: Are they're all covered to

245

00:46:13.320 --> 00:46:14.610

mlavoie: Yeah yeah

246

00:46:14.850 --> 00:46:15.150

No.

247

00:46:16.320 --> 00:46:21.900

mlavoie: Um, so the safety plan was part of the required thing that we have to do to reopen

248

00:46:23.310 --> 00:46:33.180

mlavoie: We have to post. Well, I have it posted in the staff room. We have to have it available should someone from the public want to see it. So actually, today I love to copy at the info desk.

249

00:46:34.530 --> 00:46:39.120

mlavoie: It's possible that tracers I've heard might come in to check that.

250

00:46:39.570 --> 00:46:52.890

mlavoie: People are abiding by the rules. I don't know that they're really hitting up libraries. I know they've been going to restaurants and things like that. It's just make sure that and some places have been shut down for not abiding by guidelines.

251

00:46:54.000 --> 00:46:59.640

mlavoie: So the safety plan is really exciting. I hope you all had a chance to read it.

252

00:47:01.380 --> 00:47:02.460

mlavoie: Wonderful reading

253

00:47:04.230 --> 00:47:05.730

mlavoie: I really enjoy filling it up.

254

00:47:07.200 --> 00:47:12.480

mlavoie: So, but it does need to be board approved so if anybody has any questions or whatever.

255

00:47:14.760 --> 00:47:15.090

Lanna: Okay.

256

00:47:18.030 --> 00:47:19.440

Lanna: All right. Do you want a motion to

257

00:47:19.920 --> 00:47:23.190

Ann Tenglund: Yeah, I'll make a motion to approve the

258

00:47:24.660 --> 00:47:31.710

Ann Tenglund: New York forward business for you. Opening safety plan for the library honest. That's how it's worded right

259

00:47:33.750 --> 00:47:34.620

Linda Edstrom: I'll second that.

260

00:47:35.340 --> 00:47:38.430

Lanna: Okay, any questions on favor

261

00:47:38.820 --> 00:47:39.660
Lanna: High, high

262
00:47:40.200 --> 00:47:42.060
Lanna: Post publishing carries

263
00:47:43.980 --> 00:47:44.220
Lanna: Okay.

264
00:47:44.880 --> 00:47:52.500
mlavoie: Um, next item was the bylaws. We only got into this because of not having meetings, the last few months and

265
00:47:54.030 --> 00:48:01.680
mlavoie: So I think we should change our bylaws because it says in there that we meet every month. And if we just change that and we don't have that as an issue anymore.

266
00:48:02.820 --> 00:48:05.100
mlavoie: A potential issue so

267
00:48:06.090 --> 00:48:06.540
Lanna: When I was

268
00:48:07.260 --> 00:48:09.990
mlavoie: I wasn't really sure, like, the best way to state it

269
00:48:10.800 --> 00:48:11.850
mlavoie: Trying to find where

270
00:48:12.150 --> 00:48:13.800
earl: This doesn't count as a meeting.

271
00:48:14.610 --> 00:48:15.390
Ann Tenglund: This is

272
00:48:15.900 --> 00:48:16.260
mlavoie: Yeah, this

273
00:48:16.680 --> 00:48:17.520
mlavoie: Is yeah

274

00:48:18.330 --> 00:48:18.660
Yeah.

275

00:48:19.830 --> 00:48:21.570
Linda Edstrom: A minimum of 10 a year.

276

00:48:22.440 --> 00:48:23.670
mlavoie: That's what we used to do.

277

00:48:25.080 --> 00:48:28.410
mlavoie: So if people are comfortable with that.

278

00:48:30.750 --> 00:48:31.680
Lanna: I mean, do we want to

279

00:48:33.150 --> 00:48:37.320
Lanna: Protect ourselves a little bit and do something like 60 year which should be every other month if

280

00:48:37.680 --> 00:48:38.490
Linda Edstrom: That'd be good.

281

00:48:39.180 --> 00:48:45.180
Ann Tenglund: Yeah, because we're just saying a minimum off. We're not saying that we are going to meet more

282

00:48:45.240 --> 00:48:47.910
Lanna: Right. I mean, I think we still need to meet once a

283

00:48:47.910 --> 00:48:53.940
Lanna: Month. But if we say that we've only got to have six then we're pretty much covered. No matter what's ahead of us.

284

00:48:56.160 --> 00:48:56.340
Yeah.

285

00:48:57.420 --> 00:49:00.030
mlavoie: And again, I have no idea who actually

286

00:49:01.410 --> 00:49:03.570
mlavoie: Matters this stuff, but I'm

287
00:49:08.100 --> 00:49:09.480
Ann Tenglund: posted on the website.

288
00:49:11.010 --> 00:49:11.430
earl: Yes.

289
00:49:14.040 --> 00:49:14.460
mlavoie: Yeah.

290
00:49:15.510 --> 00:49:15.750
Larry Sorokes: I don't

291
00:49:17.730 --> 00:49:19.350
Larry Sorokes: Want to know that you have bylaws and

292
00:49:19.410 --> 00:49:21.330
mlavoie: Right, yeah. So

293
00:49:23.100 --> 00:49:24.540
mlavoie: The minimum of six sounds

294
00:49:24.540 --> 00:49:26.160
mlavoie: Good. And then we just do you know

295
00:49:26.310 --> 00:49:26.820
mlavoie: Business as

296
00:49:26.880 --> 00:49:29.670
mlavoie: Usual. And I thought, an emergency comes up and we need to
cancel.

297
00:49:31.980 --> 00:49:35.190
Lanna: About it. Yeah. Okay. So does anybody want to make that motion.

298
00:49:35.460 --> 00:49:35.850
earl: I think

299
00:49:35.880 --> 00:49:36.510
Linda Edstrom: You should

300

00:49:36.930 --> 00:49:38.160
Lanna: I'll make that motion.

301

00:49:38.880 --> 00:49:40.200
ejwagner: Affects the

302

00:49:40.260 --> 00:49:41.880
Lanna: URL. Second. All in favor.

303

00:49:42.540 --> 00:49:42.840
Right.

304

00:49:44.010 --> 00:49:46.200
Lanna: Okay, post motion carries.

305

00:49:46.830 --> 00:49:49.320
ejwagner: While we're on the bylaws choose this one thing I mentioned

306

00:49:49.620 --> 00:49:50.130
ejwagner: I

307

00:49:50.190 --> 00:50:00.390
ejwagner: Because Michelle senator and I took the whole thing we have in there about attending through electronic conferencing and we've limited it to personal illness or disability.

308

00:50:01.410 --> 00:50:13.440
ejwagner: Employment or business of the Board or a family emergency that doesn't include me when I'm not in Olin and I can, I propose some language and then send it around and weakness. Consider to the next meeting.

309

00:50:13.980 --> 00:50:14.280
Ann Tenglund: Yeah.

310

00:50:14.430 --> 00:50:15.600
ejwagner: That would be a good idea to

311

00:50:15.630 --> 00:50:16.380
ejwagner: Broaden little bit

312

00:50:16.560 --> 00:50:27.660

ejwagner: Because somebody may want to work for legitimate convenience. I mean if Mike, for example, can't make the meeting and he's upon us and he can get on an electronic form and get your

313

00:50:29.220 --> 00:50:29.850

ejwagner: Permit that

314

00:50:30.720 --> 00:50:34.650

mlavoie: Think the only thing we've got to be aware of is the open meeting laws.

315

00:50:34.650 --> 00:50:35.670

mlavoie: And what they might

316

00:50:37.140 --> 00:50:38.700

mlavoie: You know, they may have limitations.

317

00:50:39.900 --> 00:50:40.200

ejwagner: You know,

318

00:50:40.770 --> 00:50:44.130

mlavoie: Reasons, people would use. I mean, like right now they've suspended the open meeting.

319

00:50:46.170 --> 00:50:48.210

ejwagner: Didn't they also say that if

320

00:50:48.810 --> 00:50:54.570

Ann Tenglund: If we did things by teleconference as long as everybody could see everybody

321

00:50:54.900 --> 00:51:09.690

Ann Tenglund: Yeah, loud and I think post pandemic even once there's a vaccine. I think people are starting to see why some it's better not to need to meet in person. So I think that's a great idea.

322

00:51:10.320 --> 00:51:14.220

ejwagner: Okay, I'll work out some stuff and send it around and then next time we can talk about

323

00:51:15.060 --> 00:51:15.900

earl: Okay. Sounds good.

324

00:51:18.330 --> 00:51:18.600

mlavoie: Hey,

325

00:51:20.010 --> 00:51:37.200

mlavoie: Personnel updates. It was just informational we're struggling a little bit, but I think every places right now. And I think, you know, we're also up against the \$600 extra unemployment money. And so I think I'm supposed to expire on July 31

326

00:51:38.100 --> 00:51:39.510

mlavoie: And so he

327

00:51:39.990 --> 00:51:42.780

mlavoie: Is a situation a little bit but um

328

00:51:43.320 --> 00:51:45.090

Lanna: So really get \$600

329

00:51:45.210 --> 00:51:46.350

Lanna: Plus there.

330

00:51:47.220 --> 00:51:47.490

Yeah.

331

00:51:48.570 --> 00:51:49.710

Lanna: And unemployment.

332

00:51:49.920 --> 00:51:53.910

Larry Sorokes: It's a little over 50,000 a year equivalent. So

333

00:51:55.560 --> 00:51:57.240

Larry Sorokes: Yeah, I don't want to

334

00:51:57.510 --> 00:52:00.570

mlavoie: Not interested in going back to work. I mean, we weren't, you know,

335

00:52:00.870 --> 00:52:03.000

mlavoie: Trying to call back some of our pages. And they're like,

336

00:52:06.480 --> 00:52:16.050

Larry Sorokes: I don't want to drag this out too much, but would you could you just do like a one minute summary of, like, who's doing what, right now, just because I know we've

337

00:52:16.470 --> 00:52:24.330

Larry Sorokes: You've got some people that have chosen not to come in and we had a couple of changes there just before this all happened and just for the, you know, for clarity.

338

00:52:24.780 --> 00:52:37.710

mlavoie: Sure. I mean, right now everybody's required to come in and so we've got people still on a somewhat regular schedule, although at this point, the part time people are some of them are working a pretty my circle average hours.

339

00:52:39.000 --> 00:52:47.160

mlavoie: Right now we're you know curb sides been very busy. So we have people pulling materials answering calls, you know, filling the hole.

340

00:52:48.570 --> 00:52:53.310

mlavoie: Getting the materials ready to pick out people cleaning them whatever for being them.

341

00:52:54.570 --> 00:53:01.770

mlavoie: We've had less than Roger in cleaning and then doing all the changes with the furniture and all that sort of thing.

342

00:53:03.300 --> 00:53:09.810

mlavoie: Then we're still doing the virtual programs we've been doing a ton of work.

343

00:53:11.070 --> 00:53:17.040

mlavoie: Rachel has been extremely busy and trying to get library assistance, especially helping with

344

00:53:17.670 --> 00:53:28.590

mlavoie: The orders that have come in. We've had because the order stopped coming and then all of a sudden the company's opened up to get up again and we wound up with just dozens and dozens and dozens of boxes of

345

00:53:29.010 --> 00:53:41.760

mlavoie: Books and other materials that need to go into the system. So that's been somewhat overwhelming and she's been trying to get some

people trained and there's still chat reference which ccls has been doing, plus our own. We do a ton of

346

00:53:42.870 --> 00:53:45.660

mlavoie: Virtual reference for people and

347

00:53:47.130 --> 00:53:59.550

mlavoie: We've already mouse over the website was a big problem. So that's another area where Rachel is getting some help from one of the library system is trying to figure this was a good time to try to tackle that

348

00:54:00.660 --> 00:54:05.850

mlavoie: So that's pretty much you know where we're at. We do have people on some reduced our so we've been

349

00:54:06.990 --> 00:54:09.810

mlavoie: Kind of spreading it out a little bit amongst people

350

00:54:11.160 --> 00:54:11.310

Larry Sorokes: And

351

00:54:12.420 --> 00:54:15.000

Larry Sorokes: There are there actual vacancies as well.

352

00:54:15.450 --> 00:54:22.740

mlavoie: Well, um, I don't. Right now we have someone just coming back who's been out of commission on disability.

353

00:54:23.910 --> 00:54:30.840

mlavoie: So we were hoping this person can actually help a lot with a tech services fees that were having trouble with getting all the materials, put in

354

00:54:31.950 --> 00:54:46.320

mlavoie: We have a lot of newspapers and magazines that are backlog and we have. So we, and then we have other people on reduced hours. So we're we're managing. But I think as we reopen we're just kind of like we're hoping it's all gonna

355

00:54:47.370 --> 00:55:00.750

mlavoie: Come fall into place. We just don't know quite yet. And it's happening quicker than we thought, you know, all of a sudden one day

started reopening was like boom boom thinking on how you can enter into the next phase. And we thought it was going to move a little more slowly.

356

00:55:01.020 --> 00:55:18.480

mlavoie: We do have one staff member who is having a lot of problems. And we're thinking will be asked to go on disability. I had to check legally what our rights were there, but we can do that. We're going to try to do it in such a way that this person does it voluntarily.

357

00:55:19.740 --> 00:55:29.700

mlavoie: And if not, you know i mean i i talked with civil service about what we would have to do if the person wasn't willingly. This is more about anxiety. So I asked.

358

00:55:29.850 --> 00:55:30.660

mlavoie: And mental health.

359

00:55:31.710 --> 00:55:46.290

mlavoie: That is preventing this person from being able to get any work done whatsoever. Just sterilized. And so that may be an issue because this person works quite a lot hours. I think the average our there about like 27 hours a week or something in that regard.

360

00:55:46.740 --> 00:55:55.110

mlavoie: We would definitely have to fire. So we're just, you know, we haven't made any moves, because there's just so many moving pieces right now that we're yeah so

361

00:55:56.250 --> 00:55:56.640

Larry Sorokes: Thank you.

362

00:55:57.360 --> 00:55:57.660

mlavoie: Okay.

363

00:55:58.020 --> 00:56:00.720

Larry Sorokes: Like, don't you. Yep, exactly. Okay.

364

00:56:03.210 --> 00:56:11.970

mlavoie: So moving on the H back. I'm trying to get you know in touch with the contractors and get anyone to come in, has been

365

00:56:12.600 --> 00:56:22.950

mlavoie: Kind of a pain. We did have Stormer in with someone, one day to look at sort of some of the rooms that we have problem with heating and cooling. So there's no ventilation or anything.

366

00:56:23.850 --> 00:56:33.270

mlavoie: Because I was thinking that might be a good alternative way to spend some found some of this money would be to get ventilation into some areas because it wasn't old supermarket and so

367

00:56:34.050 --> 00:56:48.390

mlavoie: Some of their storage rooms. I don't think they ever built ventilation into those areas. So they get some feed some cooling, but it's not directly going into those rooms and so they tend to be very hot or very stuffy are very cold.

368

00:56:49.830 --> 00:56:50.910

mlavoie: So I thought those might be

369

00:56:50.910 --> 00:56:54.240

mlavoie: Good rooms to try to maybe see if we could spend that money down.

370

00:56:55.770 --> 00:56:59.490

mlavoie: You know, getting rooms fix that he does have some idea.

371

00:57:00.600 --> 00:57:04.080

Larry Sorokes: I liked the part about having to go on the roof to

372

00:57:06.720 --> 00:57:07.500

Larry Sorokes: Be a problem.

373

00:57:09.450 --> 00:57:20.520

mlavoie: You've got to fix that and I'm waiting, I'm Kurt Wallace was supposed to be checking into that and you know with this shutdown everybody's kind of, you know, falling away but

374

00:57:21.120 --> 00:57:36.300

mlavoie: He was supposed to check on that with a manufacturer, because it was supposed to be that it fit the footprint of our existing you know setup and so we assumed when they said that that it meant that it would work with our fox that what the timers that we have and

375

00:57:37.590 --> 00:57:45.000

mlavoie: Now, it's like, I mean that ladder up anybody's been in our boiler room, I'm not a big fan of climbing up the ladder through a rough patch.

376

00:57:46.530 --> 00:57:46.920

mlavoie: Does it

377

00:57:51.690 --> 00:57:53.370

mlavoie: Happen in the middle of winter. I don't know.

378

00:57:56.250 --> 00:57:58.080

Lanna: Gets a lot of these off people

379

00:58:01.440 --> 00:58:01.950

Lanna: Killed

380

00:58:03.060 --> 00:58:03.480

Lanna: Yeah.

381

00:58:06.180 --> 00:58:06.660

Lanna: Yeah.

382

00:58:08.220 --> 00:58:19.740

mlavoie: I was in Elmira one time at the library and they have a what they call green roof. You know where they're growing all kinds of plants and everything. And it's really good for the to keep down

383

00:58:20.040 --> 00:58:21.090

Lanna: heating costs and all of

384

00:58:21.090 --> 00:58:26.460

mlavoie: That and cooling costs. And anyway, we had to find through one of those rough patches.

385

00:58:28.380 --> 00:58:31.770

mlavoie: I was okay going up and climbing out. But when it came to having to

386

00:58:32.310 --> 00:58:36.930

mlavoie: Yeah, I was. Yeah, I took me a long time I was contemplating asking them to get a helicopter.

387

00:58:41.040 --> 00:58:41.790
Flight issues.

388
00:58:43.140 --> 00:58:50.340
mlavoie: So anyway, that's where we're at with that. I'm just, I'm going to try to get back with her Wallace and see if you can start looking into that again.

389
00:58:51.570 --> 00:58:57.060
mlavoie: Um, other than the app. We know that URL won by a landslide. He's gonna fall anymore.

390
00:58:59.640 --> 00:59:01.320
ejwagner: Largest victory of ever probably

391
00:59:01.410 --> 00:59:02.160
Lanna: Yeah, really.

392
00:59:04.800 --> 00:59:10.950
mlavoie: Are 37 write in votes. I did. They didn't send them to me. There were some interesting ones on there. I can for them out to the board.

393
00:59:12.030 --> 00:59:12.600
ejwagner: Love to see

394
00:59:14.760 --> 00:59:17.430
Larry Sorokes: So 37 different people or

395
00:59:18.810 --> 00:59:21.120
mlavoie: 37 different people. Some had multiple

396
00:59:21.540 --> 00:59:22.020
Okay.

397
00:59:23.910 --> 00:59:26.910
mlavoie: So this is why it's so important to have someone right

398
00:59:28.290 --> 00:59:30.180
mlavoie: We had a number of ex employees on there.

399
00:59:31.290 --> 00:59:34.920

Larry Sorokes: So he got more votes than the school budget or anything.
Right.

400

00:59:37.770 --> 00:59:39.810

Lanna: Now, did the only pass

401

00:59:40.380 --> 00:59:41.370

Larry Sorokes: It actually wasn't

402

00:59:41.700 --> 00:59:43.110

Larry Sorokes: It was yeah but

403

00:59:43.200 --> 00:59:45.180

Larry Sorokes: Who's an extended or something or

404

00:59:45.600 --> 00:59:47.160

Lanna: Yeah. A week or something.

405

00:59:47.370 --> 00:59:47.580

Yeah.

406

00:59:48.870 --> 00:59:52.260

mlavoie: Yeah, I was confused over it. I was there board. He

407

00:59:52.440 --> 00:59:57.180

Lanna: Said that it wasn't. They didn't have the results yet. Oh, but
this

408

00:59:58.950 --> 00:59:59.370

Ann Tenglund: Morning.

409

00:59:59.580 --> 01:00:01.950

Ann Tenglund: I think it was it standard from June 9

410

01:00:01.980 --> 01:00:03.690

Larry Sorokes: To July 16 yeah

411

01:00:05.070 --> 01:00:05.700

Larry Sorokes: Resolving

412

01:00:05.730 --> 01:00:06.720

Larry Sorokes: Like ratified.

413

01:00:07.020 --> 01:00:10.650

Ann Tenglund: At the paper just because of the

414

01:00:13.170 --> 01:00:15.750

Linda Edstrom: Morning and it has the results.

415

01:00:15.900 --> 01:00:17.580

Lanna: And it did pass. Okay. Just curious.

416

01:00:18.720 --> 01:00:20.940

mlavoie: Because I I wrote the report and I was thinking the

417

01:00:20.940 --> 01:00:21.900

23rd.

418

01:00:23.550 --> 01:00:31.050

mlavoie: There were so many emails coming. I couldn't keep track, but, um, and then I got an email like about a half an hour after I send out my directors report.

419

01:00:31.080 --> 01:00:39.660

mlavoie: From the school district saying here's the results of the election. It's like, oh, okay. So yeah, so it was a 16 their board meeting to

420

01:00:40.740 --> 01:00:47.370

mlavoie: Approve the tax increase. I don't know if this whole effort increase or not, but to approve the budget anyway.

421

01:00:49.980 --> 01:00:50.220

So,

422

01:00:51.480 --> 01:00:53.160

mlavoie: I don't want anyone both that down.

423

01:00:55.980 --> 01:00:56.340

Lanna: Yeah.

424

01:00:56.640 --> 01:00:59.790

Linda Edstrom: You always have people that will vote no. No matter what

425

01:01:00.270 --> 01:01:03.330

Ann Tenglund: Because that would force district tend to austerity right

426

01:01:03.780 --> 01:01:04.770

Ann Tenglund: And which would mean like

427

01:01:04.830 --> 01:01:06.600

Ann Tenglund: Spending Saudi Arabia.

428

01:01:07.320 --> 01:01:10.860

Linda Edstrom: Which means it would be the same budget that there's already there.

429

01:01:11.520 --> 01:01:12.900

Ann Tenglund: Oh, it wouldn't be reduced.

430

01:01:12.990 --> 01:01:13.950

Larry Sorokes: No Rowan.

431

01:01:14.190 --> 01:01:15.240

Oh, OK. I see.

432

01:01:16.650 --> 01:01:17.670

Larry Sorokes: Them the proposed.

433

01:01:17.730 --> 01:01:19.320

Ann Tenglund: Yeah, that'd be funny.

434

01:01:22.800 --> 01:01:28.740

Ann Tenglund: I thought it was. It would have been a reduced by jet. So that's, that's a good thing. But I'm glad to past

435

01:01:31.980 --> 01:01:45.330

mlavoie: Um. Next up is the zoom meeting room policy that's just too. Now that we have no meeting rooms, we thought it would be nice for community groups and nonprofits that don't have some accounts.

436

01:01:45.990 --> 01:01:57.210

mlavoie: To be able to use the library zoom account, we would host it, you know, get it set up not be involved in the meeting in any way, but then record it and things like that.

437

01:01:58.260 --> 01:02:01.470

mlavoie: And we did get past the lawyer advice on there and

438

01:02:02.220 --> 01:02:07.470

mlavoie: It's something I think other libraries are doing. But I think it'd be a nice alternative while we don't have meeting rooms and

439

01:02:07.710 --> 01:02:14.520

mlavoie: Might be something we could continue to offer going forward. I think that's what's going to be one of our challenges going forward is, I think,

440

01:02:15.270 --> 01:02:22.200

mlavoie: A lot of people are going to like some of these things that we're doing that or virtual or curbside or, you know, zoo, whatever.

441

01:02:22.470 --> 01:02:37.080

mlavoie: And they're going to ask them. Probably want us to keep some of this going, which could become an issue staffing wise, um, you know, if they're wanting for additional and the new stuff that's what we're going to have to kind of keep an eye out there and see how we

442

01:02:37.620 --> 01:02:43.050

mlavoie: Yeah, I think things are going to change. I mean, in a way, this would be nice in the winter when who wants to go out to a meeting.

443

01:02:43.500 --> 01:02:48.240

Lanna: You know, or something they could maybe hold something on zoom. Yeah.

444

01:02:48.300 --> 01:02:50.220

mlavoie: Or the craft programs like if somebody

445

01:02:50.310 --> 01:02:50.820

Lanna: Wants to

446

01:02:51.870 --> 01:02:59.850

mlavoie: Christine. He had the idea of maybe live streaming that at some point. And you'd have some people in the building. But then you could also get people attending

447

01:02:59.850 --> 01:03:01.920

Lanna: rivonia so yeah

448

01:03:03.450 --> 01:03:07.530

mlavoie: Anyway, to keep a chance to look at that and the policy.

449

01:03:08.640 --> 01:03:18.420

Ann Tenglund: The policy is good and you know want to put every guideline in there. I would just encourage the library to think about a zoom bombing protocol.

450

01:03:18.600 --> 01:03:21.840

Ann Tenglund: Mm hmm. So, you know, like the ones that I've seen.

451

01:03:23.190 --> 01:03:33.990

Ann Tenglund: Try not to make a big deal of it. They tell all participants to turn off their cameras and microphones and wait for the host to deal with it and you just kick the offenders out

452

01:03:34.440 --> 01:03:43.680

Ann Tenglund: And you know they can't rejoin the same meeting if they're kicked it out and then continue the meeting. And if it can't be brought under control.

453

01:03:44.100 --> 01:03:54.750

Ann Tenglund: That they would wait for a new link to be set out or something. But in the case of the library. Hopefully they would be able to get rid of the offenders and allow the meeting to continue

454

01:03:57.300 --> 01:04:03.450

mlavoie: It's a pretty much preventable. If you have a link that are having a password that people have to

455

01:04:04.230 --> 01:04:14.400

Ann Tenglund: Not always. We had a meeting that got badly zoom bombed at bars that was in the paper. Probably everybody saw that it was even on Channel four and

456

01:04:15.180 --> 01:04:18.300

Ann Tenglund: That was pretty well secured and the the meeting.

457

01:04:18.750 --> 01:04:28.140

Ann Tenglund: Link was not posted publicly, but you never know when a well meaning individual might have sent it to someone or posted it somewhere in social media.

458

01:04:28.440 --> 01:04:41.670

Ann Tenglund: To encourage others to attend because it was an important topic and somebody else got ahold of it they did determine that the offender was not from campus, which was a good thing that they figured that out.

459

01:04:44.070 --> 01:04:44.220

mlavoie: And

460

01:04:44.970 --> 01:04:54.120

Ann Tenglund: Didn't know what to do. In that case, you know, especially if a meeting would involve minors, or something like that, that people would know.

461

01:04:54.750 --> 01:04:58.230

Ann Tenglund: Where most to do while the meeting is brought back under control.

462

01:05:00.180 --> 01:05:08.280

mlavoie: That's a good point even internally, like, you know, because Kathy O'Malley, it's going to start doing two story times that way. She can interact with the families.

463

01:05:09.510 --> 01:05:13.830

mlavoie: So that would be especially good to have that protocol for that is

464

01:05:17.790 --> 01:05:28.530

Lanna: Now is that against the law. Now, I mean to like break into a zoom meeting. I mean, is it punishable by. When do you call the police on something like that or

465

01:05:30.480 --> 01:05:39.330

Ann Tenglund: Our incident was turned over to the FBI, but that was more because of the nature. The meeting was about racial issues.

466

01:05:39.780 --> 01:05:46.590

Ann Tenglund: And that's what was happening during the meeting was very much more of a

467

01:05:47.640 --> 01:05:54.420

Ann Tenglund: Anti black discrimination type thing that would fall under other laws as well.

468

01:05:54.750 --> 01:05:55.350

Lanna: Okay, you know,

469

01:05:56.430 --> 01:06:05.880

Ann Tenglund: It's a good question. I think if we at this point if we did call the police from the library about something they would say, well, what can we do about it.

470

01:06:06.570 --> 01:06:08.220

Lanna: Just to know who's, who's

471

01:06:08.340 --> 01:06:12.750

Lanna: In charge of that. But yeah, I'm sure it'll will become a thing in the future.

472

01:06:13.800 --> 01:06:16.200

Ann Tenglund: That could be another Ask the lawyer question.

473

01:06:17.610 --> 01:06:17.790

mlavoie: I

474

01:06:19.260 --> 01:06:19.500

mlavoie: Guess.

475

01:06:22.470 --> 01:06:22.950

Lanna: Okay.

476

01:06:23.490 --> 01:06:23.880

So,

477

01:06:26.220 --> 01:06:29.610

Lanna: So you want to emotion to accept the policy for the zoom

478

01:06:30.090 --> 01:06:32.940

Lanna: Yeah okay um

479

01:06:34.680 --> 01:06:36.300

Lanna: And I'll make the motion. The second

480

01:06:38.340 --> 01:06:40.320

Lanna: Okay, and all in favor

481

01:06:41.490 --> 01:06:41.820

Lanna: Aye.

482

01:06:41.910 --> 01:06:44.370

Lanna: Aye. Opposed motion carries.

483

01:06:45.570 --> 01:06:45.900

mlavoie: Okay.

484

01:06:47.400 --> 01:06:59.610

mlavoie: Rest is really just informational the friends I mean, not surprisingly, will not have the wine tasting in September, but they're planning to do a wine and beer tasting event in the spring. So

485

01:07:00.660 --> 01:07:05.520

mlavoie: They haven't made first they haven't announced for sure if it's going to be February yet so we'll see.

486

01:07:07.560 --> 01:07:15.030

mlavoie: And then everything else is really just kind of little bit of a rundown of some of the things that happened during the shutdown.

487

01:07:16.620 --> 01:07:17.040

mlavoie: And that's it.

488

01:07:21.840 --> 01:07:22.920

Lanna: Alright, so

489

01:07:25.890 --> 01:07:28.170

Lanna: motion to accept the consent agenda items.

490

01:07:30.030 --> 01:07:30.690

ejwagner: I'll make the motion.

491

01:07:31.260 --> 01:07:32.910

Larry Sorokes: Second. Second.

492

01:07:33.240 --> 01:07:34.980

Lanna: All in favor. Aye.

493

01:07:35.100 --> 01:07:37.500

Lanna: Aye. Opposed motion carries.

494

01:07:40.290 --> 01:07:40.920

Lanna: See

495

01:07:42.300 --> 01:07:45.420

Lanna: Financial statements. Anything you want to

496

01:07:47.670 --> 01:07:52.470

mlavoie: I all I can say on these is that everything's off because of the shutdown.

497

01:07:53.640 --> 01:07:58.950

mlavoie: You know library charges are way down, we're doing great on investments compared to our budget.

498

01:08:00.060 --> 01:08:04.890

mlavoie: Gifts and donations down, we could get something from the

499

01:08:06.120 --> 01:08:07.500

mlavoie: Catalog as regional

500

01:08:08.550 --> 01:08:22.890

mlavoie: Foundation. It was a couple of funds for the library there that we got a gift, but there was like 500 bucks. Um, I have not heard anything from the O'Connell's I'm really hoping that they that was supposed to be a three year grant

501

01:08:24.120 --> 01:08:32.250

mlavoie: That we got the first part of that was 10,000 last year we were supposed to get two years of 12,500 each

502

01:08:33.750 --> 01:08:35.940

mlavoie: Last year they contacted me in

503

01:08:37.200 --> 01:08:46.680

mlavoie: June about that. So, so far, I have not heard anything so I don't know what's going on with it and hoping that they'll continue that been great. The O'Connell grant this

504

01:08:47.520 --> 01:09:00.870

mlavoie: Allowed us to do so much with programming. It's been really awesome hoping we still have money left that we can spend, but I'm hoping that you know the the economic issues having some how effective those funds.

505

01:09:02.970 --> 01:09:07.260

mlavoie: And then we're just waiting on State aid, we don't start to get a lot of the state aid.

506

01:09:08.430 --> 01:09:15.840

mlavoie: Things don't come in until, until July. So, and that's what you know we're kind of just waiting to see what's going to happen with state aid. We know that

507

01:09:17.550 --> 01:09:25.860

mlavoie: The budget that we didn't get the 4 million added back in, but I believe the governor proposed.

508

01:09:26.640 --> 01:09:33.540

mlavoie: \$4 MILLION CUT I believe they were able to keep our brand review that I didn't have a chance. I think they cut it.

509

01:09:34.170 --> 01:09:47.430

mlavoie: It might have been 2 million rather than 4 million, but we are seeing cuts and the construction aid programs with a huge hit. Because Cuomo, to get back to 14 million. So we lost 20 million on there and

510

01:09:48.630 --> 01:10:05.160

mlavoie: The only real problem that everybody's worrying about is that the Governor has the authority to make cuts anytime that you want us right now. So libraries are a little worried about stayed stayed for us, primarily affects our electronic resources.

511

01:10:06.540 --> 01:10:20.970

mlavoie: And some of our non fiction spending and we have you know a partial salary line comes from that. But right now, we've absorbed Prendergast money at least a portion of it.

512

01:10:21.660 --> 01:10:37.170

mlavoie: Because we're when I say a portion, because the state is punishing the central libraries for the years prior, that the city wasn't funding Prendergast so we don't get Prendergast full amount until I believe two more years.

513

01:10:38.640 --> 01:10:45.240

mlavoie: And then we don't know a friend or guess what's going to happen with revolt. You know if they'll end up getting your Central Library status of so many unknowns right now.

514

01:10:45.630 --> 01:11:02.880

mlavoie: But we're hopeful that we'll get a fictional speaking, that will help us going forward and but in any event with everything else. I mean, we're down in revenues because of the closure. On the other hand, we're also down and spending because of the closure so

515

01:11:04.230 --> 01:11:11.160

mlavoie: We should start to see our materials going back up again. Because like I said, they stopped sending orders.

516

01:11:12.090 --> 01:11:20.670

mlavoie: Now all of a sudden we got this huge backlog of orders coming into will be paying for those our material spending will go up and we want it to, because

517

01:11:21.120 --> 01:11:28.860

mlavoie: The last thing we want is to be coming in under budget every year and have the controller's office. See that and claim that we're overtaxing people

518

01:11:30.120 --> 01:11:36.630

mlavoie: And it's really just been a couple of years of fluke events that have caused this to happen, and

519

01:11:38.040 --> 01:11:49.140

mlavoie: Other than that, I mean I think everything coming in under right now is pretty explaining explainable professional fees came in a little higher. BTW be when they did our audit.

520

01:11:50.190 --> 01:12:03.420

mlavoie: They changed us to a governmental agency when they audited when they did our annual statement and they didn't put it in their proposal that they were going to charge us 3000 extra dollars to do this.

521

01:12:06.690 --> 01:12:07.380

mlavoie: In any event,

522

01:12:08.430 --> 01:12:10.530

mlavoie: A good change that they need. So

523

01:12:12.180 --> 01:12:14.520

mlavoie: That's it. That's all I have to report on that.

524

01:12:18.180 --> 01:12:19.350

Lanna: committee reports.

525

01:12:21.900 --> 01:12:23.010

mlavoie: Linda, did you guys meet

526

01:12:23.490 --> 01:12:25.140

Linda Edstrom: Yes, we did last week.

527

01:12:26.850 --> 01:12:30.420

Linda Edstrom: In my kitchen and wherever else everybody else was

528

01:12:31.500 --> 01:12:36.780

Linda Edstrom: The august ccls meeting is planned for Ollie.

529

01:12:37.290 --> 01:12:41.280

Linda Edstrom: August 36 o'clock. Okay.

530

01:12:42.660 --> 01:12:45.540

Linda Edstrom: If we're open and everything is running well

531

01:12:49.080 --> 01:12:50.400

Linda Edstrom: AND THEY WANT COOKIES.

532

01:12:55.530 --> 01:12:56.610

Lanna: Cookies baking.

533

01:12:57.840 --> 01:12:58.350

ejwagner: Cookies.

534

01:12:59.490 --> 01:13:00.420

Linda Edstrom: So they had

535

01:13:02.610 --> 01:13:13.920

Linda Edstrom: a notice from Chautauqua County that Chautauqua County his contribution is being cut by 17% to ccls

536

01:13:14.940 --> 01:13:24.000

Linda Edstrom: Which is a hefty amount they have not heard from Ketterer August County, yet they're anticipating it to be about the same cut

537

01:13:27.090 --> 01:13:29.370

mlavoie: Effect book plan and money.

538

01:13:32.550 --> 01:13:34.290

mlavoie: I think usually what that ghost.

539

01:13:36.000 --> 01:13:38.760

Linda Edstrom: State funding, they're looking at 20%

540

01:13:41.790 --> 01:13:45.960

Linda Edstrom: Which is 85% of the total budget, the state funding.

541

01:13:47.340 --> 01:13:53.580

Linda Edstrom: They got the PVP in the second round, which helped keep things going.

542

01:13:55.260 --> 01:14:01.920

Linda Edstrom: At this point, they're not anticipating any cuts to local libraries, which was good news.

543

01:14:06.630 --> 01:14:11.280

Linda Edstrom: I got a couple of questions that didn't get really answered.

544

01:14:12.870 --> 01:14:17.970

Linda Edstrom: Does Valley work with Kathy on children's activities and only and

545

01:14:19.710 --> 01:14:24.600

mlavoie: Not really. He's advisory couldn't do anything like and died.

546

01:14:27.810 --> 01:14:30.060

Linda Edstrom: I'm provides any funding.

547

01:14:31.620 --> 01:14:35.880

mlavoie: Now, we used to get summer reading money at that speed up that years ago.

548

01:14:36.210 --> 01:14:36.660

You know,

549

01:14:38.040 --> 01:14:41.460

Linda Edstrom: Because the catalog is county contingent was

550

01:14:43.500 --> 01:14:57.630

Linda Edstrom: Questions questioning. Some of the ccls activities, the library, the nursing homes. The jail's how much of it comes to cat county as opposed to everything going into Chautauqua County.

551

01:14:59.940 --> 01:15:00.870

Linda Edstrom: And

552

01:15:01.980 --> 01:15:16.680

Linda Edstrom: They were going to pursue that a little bit with some answers, possibly because it seems like we get nothing over here and other talking about the big greed. Well, where is it and when is it ccls got the grant this year.

553

01:15:17.400 --> 01:15:18.150

Linda Edstrom: Last year,

554

01:15:18.510 --> 01:15:21.780

Linda Edstrom: Was a I think the Seneca Nation. Got it.

555

01:15:22.890 --> 01:15:26.250

Linda Edstrom: But we never heard anything about it in their next door neighbor.

556

01:15:28.260 --> 01:15:31.230

Linda Edstrom: So they're going to check into some of that stuff.

557

01:15:32.610 --> 01:15:39.180

Linda Edstrom: Deliveries we're going to be starting before the end of the month and you got the email or starting

558

01:15:42.420 --> 01:15:44.040

Linda Edstrom: Construction grants.

559

01:15:45.450 --> 01:15:47.100

Linda Edstrom: That money is still there.

560

01:15:49.170 --> 01:15:59.130

Linda Edstrom: And if there's anything that this was from me, not from them that only in once look at applications will be do

561

01:16:00.810 --> 01:16:04.710

Linda Edstrom: The beginning of October. If there's anything that we want to put in for

562

01:16:07.920 --> 01:16:17.700

Linda Edstrom: And I have. I don't know what is needed. Also, the annual meeting. That's usually at bananas or last year was in

563

01:16:19.320 --> 01:16:28.080

Linda Edstrom: Chautauqua County at the that new hotel is not going to happen this year. They're not sure how they're going to do it, but they're not going to spend

564

01:16:29.100 --> 01:16:31.110

Linda Edstrom: The thousands of dollars that are costs.

565

01:16:34.680 --> 01:16:40.170

Linda Edstrom: So as soon as they figure it out, everybody will know and that's usually October, right.

566

01:16:40.560 --> 01:16:46.320

Linda Edstrom: Yeah, yeah. October. So we'll find out in August for pay plans to

567

01:16:48.300 --> 01:16:48.810

Linda Edstrom: Match it

568

01:16:49.350 --> 01:16:52.500

Lanna: Whatever happened with the Jamestown about that.

569

01:16:52.560 --> 01:16:54.270

Linda Edstrom: Oh yeah, that was what I

570

01:16:56.130 --> 01:17:01.500

Linda Edstrom: Was going to open with James sound. The Prendergast library vote.

571

01:17:02.730 --> 01:17:03.270

Linda Edstrom: Past.

572

01:17:05.040 --> 01:17:05.250

Ann Tenglund: Oh,

573

01:17:05.280 --> 01:17:07.170

Lanna: Great, so that the people did.

574

01:17:07.860 --> 01:17:08.760

Lanna: For their library.

575

01:17:09.270 --> 01:17:10.920

Lanna: Them. Yeah.

576

01:17:11.010 --> 01:17:12.480

Lanna: Good. Okay.

577

01:17:12.840 --> 01:17:15.690

Linda Edstrom: And ellicottville to an elegant bill even put in

578

01:17:16.800 --> 01:17:21.030

Linda Edstrom: Like a 10% increase and there's past overwhelmingly

579

01:17:21.600 --> 01:17:22.800

Lanna: Really, yeah.

580

01:17:26.040 --> 01:17:26.400

Lanna: Well,

581

01:17:27.510 --> 01:17:37.560

mlavoie: I mean, I think it was a good faith guest here this year. And I think a lot of libraries chose to not be tax increases this year. In fact, a lot of there was a lot of advice, not to ask for gas.

582

01:17:37.770 --> 01:17:41.130

Lanna: And I think it was the only choice. We had a year like this.

583

01:17:41.190 --> 01:17:50.250

mlavoie: But I would be careful about too many years of that because we've got all these unfunded mandates coming at us with minimum wage. I'm a little, you know, I guess.

584

01:17:50.790 --> 01:18:02.160

mlavoie: perplexed as to, you know, the state is employing back on any of that, you know, at the same time they're talking about these gigantic project that's so we still get the minimum wage increase and

585

01:18:03.960 --> 01:18:05.070

mlavoie: paid sick leave now.

586

01:18:06.180 --> 01:18:09.180

mlavoie: So that's got to be in our budget so

587

01:18:10.470 --> 01:18:20.610

Linda Edstrom: I don't know what the Prendergast a budget pass means anything for the Central Library. At this point, I don't think it does.

588

01:18:21.870 --> 01:18:23.790

mlavoie: That was not the sole factor.

589

01:18:24.360 --> 01:18:26.220

Linda Edstrom: I don't think so. Oh.

590

01:18:29.610 --> 01:18:35.190

mlavoie: I personally think it'd be great if they didn't have it for a while. Just to give us a chance to, you know,

591

01:18:37.590 --> 01:18:38.580

mlavoie: Orange in the system.

592

01:18:41.640 --> 01:18:43.200

mlavoie: But I'm glad at past Thursday.

593

01:18:46.680 --> 01:18:48.390

Linda Edstrom: Yeah, so that's it.

594

01:18:49.440 --> 01:18:49.890

Lanna: Okay.

595

01:18:55.110 --> 01:18:57.720

Lanna: Business, will we know that URL won.

596

01:19:01.650 --> 01:19:10.770

Lanna: The treasure position and I had told him when I did talk to him that if you know further in the year you know he wanted to resign or something.

597

01:19:11.280 --> 01:19:12.030

Linda Edstrom: We're going to place

598

01:19:12.240 --> 01:19:12.600

Lanna: That we

599

01:19:12.840 --> 01:19:29.040

Lanna: That we would, you know, honor that knowing that he had chosen not to do it. Originally, so I don't know that may still be coming up, but you know it. Look, you know that list of who was nominated. There might be a few names. They're worth investigating that we haven't bought of

600

01:19:29.310 --> 01:19:31.260

mlavoie: Yeah forward that I put the whole board.

601

01:19:31.440 --> 01:19:33.690

Lanna: Yeah, I think there's some that we would not

602

01:19:36.870 --> 01:19:37.530

ejwagner: When I when

603

01:19:38.130 --> 01:19:39.120

Larry Sorokes: We get to gas.

604

01:19:43.620 --> 01:19:44.100

Ann Tenglund: Gordon.

605

01:19:44.970 --> 01:19:45.270

Rule.

606

01:19:50.940 --> 01:19:54.090

ejwagner: Earl son read for Alderman and he just got beat by a whisker

607

01:19:54.570 --> 01:19:55.770

Lanna: Oh, that's too bad.

608

01:19:56.010 --> 01:20:00.990

ejwagner: Kid. And I was thinking that maybe that he would kind of follow the macro fresh line in

609

01:20:02.580 --> 01:20:03.780

Lanna: The sand might be kind of

610

01:20:03.780 --> 01:20:05.910

ejwagner: Nice Guys well educated

611

01:20:06.900 --> 01:20:08.610

ejwagner: I've met him. He's a really nice fellow

612

01:20:08.730 --> 01:20:09.720

Linda Edstrom: Oh, he's a nice kid.

613

01:20:09.990 --> 01:20:11.280

ejwagner: Via smart.

614

01:20:11.310 --> 01:20:16.800

Lanna: Yeah, and it would be kind of good to get some, you know, younger your input.

615

01:20:18.090 --> 01:20:18.540

Lanna: You know,

616

01:20:20.310 --> 01:20:20.850

Larry Sorokes: jesting

617

01:20:22.830 --> 01:20:24.750

Linda Edstrom: Mean at that young enough

618

01:20:28.050 --> 01:20:31.590

Lanna: Me that that I think that's an excellent suggestion.

619

01:20:33.690 --> 01:20:33.990

Lanna: I mean,

620

01:20:34.020 --> 01:20:41.010

ejwagner: If your maybe your old would want it enough to step aside. And so we could appoint us. I'd rather than having run

621

01:20:41.520 --> 01:20:42.480
Larry Sorokes: Right, yeah.

622
01:20:42.510 --> 01:20:46.530
Lanna: Right. I think that would be that interesting. Okay. Well, that's good.

623
01:20:47.880 --> 01:20:48.270
Lanna: Okay.

624
01:20:50.490 --> 01:20:50.910
And

625
01:20:53.190 --> 01:20:55.980
mlavoie: The treasure thing. I was hoping that

626
01:20:56.820 --> 01:20:57.180
mlavoie: My

627
01:20:57.390 --> 01:20:59.430
mlavoie: Don't know if he's reached out to Kathy else or

628
01:21:00.480 --> 01:21:05.220
mlavoie: Essentially, at this point we don't have a treasurer again because I've heard nothing from Joyce at all.

629
01:21:07.410 --> 01:21:18.000
mlavoie: So, I mean, I don't even know that she really ever got comfortable in that role. So, so kind of hopeful that we can bring in Kathy at some point.

630
01:21:21.390 --> 01:21:22.260
Lanna: You saw she just

631
01:21:23.460 --> 01:21:24.000
Lanna: Closed

632
01:21:26.310 --> 01:21:28.890
Lanna: You know, she just assumes it's closed. And so hasn't

633
01:21:29.700 --> 01:21:31.050
Linda Edstrom: Well, she's in a very

634

01:21:32.580 --> 01:21:34.650

Linda Edstrom: Help compromising situation.

635

01:21:34.650 --> 01:21:35.640

Lanna: Oh, okay.

636

01:21:36.030 --> 01:21:39.750

Linda Edstrom: I'm sure that she's been home yeah yeah

637

01:21:39.840 --> 01:21:41.790

mlavoie: That was my feeling. I don't think that he's

638

01:21:44.100 --> 01:21:49.830

mlavoie: Out and about it. I just don't know Mike is supposed to get in touch with her at least photographer, so

639

01:21:50.880 --> 01:21:58.110

mlavoie: Hopefully, as things start to, you know, open back up again and stuffing conversation. I just think she'd be a great resource.

640

01:21:59.430 --> 01:21:59.580

Lanna: And

641

01:21:59.640 --> 01:22:00.780

Linda Edstrom: She will but

642

01:22:01.410 --> 01:22:06.390

mlavoie: Yeah, she's really so now Jason was talking with her during you know budget both time

643

01:22:06.930 --> 01:22:18.180

mlavoie: To get some of her input about you know best way to sort of put this in the paper and you know she was very good about knowing how to word things in such a way where

644

01:22:18.660 --> 01:22:29.730

mlavoie: Especially when I would talk about, you know, how many cents per thousand dollars or whatever, you know what, it's kind of confusing when you try to get those numbers and she had a really good handle on that. So anyway,

645

01:22:31.110 --> 01:22:32.490
mlavoie: I'd love to be able to work with her.

646
01:22:39.510 --> 01:22:40.350
mlavoie: New business.

647
01:22:40.440 --> 01:22:45.810
Lanna: Okay, yeah. Motion to approve the results of the election.

648
01:22:46.890 --> 01:22:47.280
Lanna: So,

649
01:22:48.990 --> 01:22:53.670
Lanna: Okay, so we have the motion. And it's basically written there.
Anybody want to make motion.

650
01:22:53.820 --> 01:22:54.390
Linda Edstrom: So move

651
01:22:55.050 --> 01:22:56.520
Lanna: Linda. Okay.

652
01:22:58.440 --> 01:22:59.760
Lanna: All right. All in favor.

653
01:23:00.270 --> 01:23:05.100
Lanna: Aye. Aye. Um, oh, we need a slate of officers.

654
01:23:06.090 --> 01:23:07.200
Ann Tenglund: There's one more than

655
01:23:07.590 --> 01:23:08.760
Lanna: Just what

656
01:23:11.280 --> 01:23:11.520
Ann Tenglund: Her

657
01:23:11.580 --> 01:23:13.110
Ann Tenglund: to notify that one.

658
01:23:14.340 --> 01:23:16.560

mlavoie: Letter was then. Yeah.

659

01:23:18.300 --> 01:23:23.280

mlavoie: I had to send it right away. Um, so it's already been sent. Okay.

660

01:23:23.610 --> 01:23:25.530

Ann Tenglund: to authorize that I'll make that motion.

661

01:23:26.010 --> 01:23:27.300

Lanna: Okay, second

662

01:23:28.350 --> 01:23:31.290

Lanna: So I'll second. All in favor. Aye.

663

01:23:31.500 --> 01:23:31.800

Aye.

664

01:23:33.030 --> 01:23:34.860

Lanna: opposed. Motion carries. Okay.

665

01:23:38.190 --> 01:23:40.860

Lanna: And then, are we good. I have a nominating committee to

666

01:23:43.140 --> 01:23:44.910

Lanna: Figure out the officers for next year.

667

01:23:45.270 --> 01:23:45.570

ejwagner: Well, I

668

01:23:46.860 --> 01:23:47.730

ejwagner: Just think officers.

669

01:23:49.890 --> 01:23:50.070

Linda Edstrom: And

670

01:24:01.320 --> 01:24:03.690

Lanna: You know, this really is a fun job if anybody

671

01:24:04.710 --> 01:24:06.900

Lanna: To step forward here and do the presidency.

672

01:24:06.960 --> 01:24:07.830

But you're enjoying it.

673

01:24:10.440 --> 01:24:13.050

ejwagner: You have the right attitude you love you.

674

01:24:13.860 --> 01:24:15.840

Lanna: Certainly is nothing. I thought it was good.

675

01:24:18.300 --> 01:24:21.360

Lanna: You know, used to run smoothly till I got on. And then it's like

676

01:24:22.740 --> 01:24:24.030

Lanna: New directors, we

677

01:24:29.340 --> 01:24:31.920

Ann Tenglund: Place to the reason there's called at 19 out there.

678

01:24:33.030 --> 01:24:34.590

Lanna: Sometimes what I feel like it's like

679

01:24:39.030 --> 01:24:45.180

Lanna: Alright, well, and when we can all safely get together and everything. You will still have a party on the porch.

680

01:24:47.550 --> 01:24:48.240

Lanna: Anyway,

681

01:24:49.380 --> 01:24:52.350

ejwagner: Moved on your porch. Now we can have a virtual party at report.

682

01:24:55.980 --> 01:24:56.580

Lanna: Slow

683

01:24:57.660 --> 01:24:59.790

Ann Tenglund: Motion to nominate the current officers.

684

01:24:59.790 --> 01:25:01.590

Ann Tenglund: To continue in their roles so

685

01:25:01.980 --> 01:25:02.670
ejwagner: I'll second that.

686

01:25:02.820 --> 01:25:03.870
Linda Edstrom: Ed already did.

687

01:25:04.110 --> 01:25:07.530
Ann Tenglund: I'll suck. Yeah. Wagner ads from I wrote down. Is that right,

688

01:25:07.740 --> 01:25:09.840
Ann Tenglund: Add made and seconded. Okay.

689

01:25:10.110 --> 01:25:12.450
mlavoie: Okay, so we don't have to worry about this in July.

690

01:25:12.900 --> 01:25:16.080
Ann Tenglund: No, okay, the motion past. We didn't vote on it.

691

01:25:17.250 --> 01:25:18.150
Lanna: All in favor.

692

01:25:18.480 --> 01:25:19.440
Larry Sorokes: Aye. Aye.

693

01:25:19.650 --> 01:25:20.250
Opposed.

694

01:25:24.930 --> 01:25:31.170
Lanna: Motion carries. All right. Anything else for the good of the causative Linda

695

01:25:32.430 --> 01:25:40.980
Linda Edstrom: I had just said maybe back in January or February. If anybody wants to arm wrestle me for the ccls board.

696

01:25:42.990 --> 01:25:52.320
Linda Edstrom: And then I told Michelle that I'd probably be willing to stay but she and I talked about it. I think it would be a wonderful addition to that.

697

01:25:53.490 --> 01:25:54.540
ejwagner: They haven't got the time

698
01:25:56.460 --> 01:25:57.690
Lanna: You don't have the time.

699
01:25:58.380 --> 01:26:02.520
ejwagner: while I'm gone for so many months and it's really tough. I really can't do it.

700
01:26:02.850 --> 01:26:04.530
Linda Edstrom: Well, they only meet every other month

701
01:26:06.030 --> 01:26:07.920
Ann Tenglund: They allow teleconferencing

702
01:26:09.390 --> 01:26:10.950
Linda Edstrom: We did one last week.

703
01:26:11.940 --> 01:26:14.130
ejwagner: What about in in knows more about libraries and

704
01:26:14.130 --> 01:26:15.390
Larry Sorokes: Yeah, and would be good.

705
01:26:15.660 --> 01:26:22.380
Linda Edstrom: Yeah but and so busy already I'd hate to even unless she would love to do it. I mean,

706
01:26:22.410 --> 01:26:26.280
Linda Edstrom: I'll create one more year if nobody's willing but

707
01:26:28.020 --> 01:26:30.090
mlavoie: Thinking, there was around the

708
01:26:31.440 --> 01:26:34.410
mlavoie: The sort of talk was centered

709
01:26:36.570 --> 01:26:44.280
mlavoie: Aspect and the fact that they have five of the trustees, right, or he has to be Chicago and forget or August. Isn't that correct

710

01:26:44.820 --> 01:26:46.500

Linda Edstrom: Um, yeah.

711

01:26:46.650 --> 01:26:53.460

mlavoie: five to four pencil lead to always sort of supporting things into talk with County.

712

01:26:54.930 --> 01:26:55.260

mlavoie: You know,

713

01:26:55.320 --> 01:26:57.270

mlavoie: The fact that the way in libraries always felt

714

01:26:57.270 --> 01:26:59.580

mlavoie: Like the redheaded stepchild sort of

715

01:26:59.820 --> 01:27:01.890

Linda Edstrom: But the cat County.

716

01:27:02.940 --> 01:27:06.000

Linda Edstrom: Representatives. They're getting an awful lot more vocal

717

01:27:08.400 --> 01:27:18.930

Larry Sorokes: Well, Linda. I think you're doing a terrific job of that. And I'd love to see it continue. I'm thinking, I don't know if it's the same for all of us in our screens, but you're in the Paul Lynde square

718

01:27:22.110 --> 01:27:24.930

Larry Sorokes: And I just speaks volumes, so

719

01:27:27.990 --> 01:27:32.010

Linda Edstrom: One o'clock in the morning and one of the back channels. I watch it occasionally

720

01:27:36.090 --> 01:27:40.170

Linda Edstrom: Well, I will continue unless somebody wants to wrestle me for it, but

721

01:27:41.430 --> 01:27:42.810

Linda Edstrom: Only one more year

722

01:27:45.930 --> 01:27:47.850

Linda Edstrom: And then whoever the new board member is

723

01:27:49.620 --> 01:27:51.270

Lanna: Yeah, it's a package deal

724

01:27:51.660 --> 01:27:52.020

Yeah.

725

01:27:54.630 --> 01:27:56.040

Lanna: Okay, um,

726

01:27:57.180 --> 01:27:59.130

Lanna: Anything else. Thank you, Linda. For

727

01:28:02.190 --> 01:28:02.580

Linda Edstrom: Thank you.

728

01:28:07.200 --> 01:28:08.760

Lanna: Oh, so, yo.

729

01:28:09.150 --> 01:28:12.000

Linda Edstrom: When are you gonna make cookies for the August 3 meeting.

730

01:28:12.360 --> 01:28:15.240

Lanna: I can, I can. Are you going to make your Swedish cookies.

731

01:28:15.540 --> 01:28:16.110

Linda Edstrom: Yeah.

732

01:28:16.680 --> 01:28:20.790

Linda Edstrom: You're not the one kind, because you only can make them in the winter. It's too hot summer.

733

01:28:21.120 --> 01:28:22.530

Lanna: Is a rule or

734

01:28:23.550 --> 01:28:24.480

Linda Edstrom: We can't roll them.

735

01:28:24.930 --> 01:28:25.890

Lanna: Up. Okay.

736

01:28:26.250 --> 01:28:29.340

Linda Edstrom: Everything sticks. It's too humid and hot

737

01:28:30.120 --> 01:28:32.520

Lanna: Well, you never know. I think so. And we can have an

738

01:28:32.580 --> 01:28:33.510

Lanna: Arctic summer.

739

01:28:36.090 --> 01:28:36.570

Lanna: You

743

01:29:04.080 --> 01:29:09.930

Lanna: Alright so Kim and Michelle you're hanging in there though, so you're still

744

01:29:11.640 --> 01:29:12.360

Lanna: A good sign.

745

01:29:15.150 --> 01:29:20.160

Lanna: You ever refused to unmute or something. So that's still a good looking good.

746

01:29:21.420 --> 01:29:23.580

Lanna: Alright so next month.

747

01:29:25.020 --> 01:29:25.890

Lanna: If not before.

748

01:29:28.020 --> 01:29:30.150

Lanna: Okay thanks everybody.

749

01:29:30.690 --> 01:29:32.610

Ann Tenglund: And gotta have a motion to adjourn.

750

01:29:32.670 --> 01:29:33.510

Lanna: Oh, that's right.

751

01:29:33.630 --> 01:29:34.680
Larry Sorokes: move to adjourn.

752
01:29:34.890 --> 01:29:36.300
Linda Edstrom: Oh, Larry. Way to go.

753
01:29:39.690 --> 01:29:41.160
Lanna: Okay. Second. All in favor.

754
01:29:42.030 --> 01:29:48.810
Lanna: Aye. Aye. Aye,. Motion to adjourn carries and I guess we are done now.
