

Report to the Board
Kathy O'Malley Children's Department
December 2022

Programs:

December 10th Santa and his elf visited the library. Kids were able to visit with Santa, watch a Rudolph movie, play holiday games and make a giant ornament.

Afterward the kids were treated to a Christmas Magic Show featuring Cris Johnson. Approximately 90 kids participated in the activities. It was a lot of fun.

The book vending machine is still a huge hit. Kids are earning tokens for the machine in various ways. A patron gave a \$40.00 donation towards filling the machine, so that is helpful. We will be looking for options to fund the machine in the coming year.

Registration for 2023 programs begins on January 9th. We are offering a few new programs and events next year, including a sensory story time, a tween book club and a "writing to read" writing contest.
