# July 2024 Newsletter

The Library will be closed Thursday July 4th for Independence Day.  
The Library will be closed on Saturdays from July 1st through August 31st.

The Summer Kick Off Carnival on Saturday, June 15th was a great success! There were games, refreshments, prizes and a magic show. Fun for all!

One highlight was our newly acquired Splash Tower purchased by the **Friends of the Library**. Kids were enthralled to hit a target and dump buckets of water on our good natured staff members!  
Thank you Friends, for the added fun!

## "Mysterious World: Unexplained Creatures & Places" with Ron Cain

**Thursday, July 18 | 4:00-6:00 pm in the Gallery**

Investigate strange creatures and UFO's. Learn about places of raw power like Stonehenge, the Pyramids of Giza and the Bermuda Triangle. How do cryptozoologists distinguish between Sasquatch, the Abominable Snowman and Wild Men of legend? Is the Loch Ness monster really a plesiosaur? You be the judge after you hear stories of monster sightings and alien encounters. Meet the Hopkinsville goblins, Mothman, Thunderbird, Kraken, and Chupacabra, as well as many other land, sea, and air creatures. What are the signs that you may have been abducted by aliens and don't even know it? Discover forgotten memories of paranormal experiences and cryptid encounters using a simple technique with ordinary cards. Students will learn their totem cryptid and how it can be used to their advantage. Theories about supernatural hot spots, interference by ancient aliens and the connection between cryptid sightings and dimensional portals also will be discussed. Information sheets will be made available to participants. Ages 13 & up.

We are more than the circumstances of our lives, and what we do matters. ## Gallery Exhibit: July 2024

### AI Generated Imagery

IT Librarian Chad and library assistant Cherish, along with help from the Olean Teen Advisory Board and other teen volunteers, will be showcasing what various AI image generators can create, as well as providing an informational display on the pros, cons, concerns, and controversies surrounding this burgeoning technology.

Cherish and Chad will be hosting a workshop for teens on AI image generation on July 2, 2024 from 2-4 pm in our Gallery. Participants will be able to create their own creations to display in our gallery exhibit, and there will be a bonus SRP raffle ticket for the teen whose creation is voted the best by the group!

Interested in showcasing your art in our gallery? Contact the library by phone or by emailing [programming@oleanlibrary.org](mailto:programming@oleanlibrary.org) to learn more. Please remember: artwork must be appropriate for a general library audience (i.e.: suitable if children see), and you must be able to fill the entire gallery with your pieces. Any 2D medium is welcome to submit!
